In the late afternoon of September 20, 2026, Lloydminster conservation officers received a report of individuals hunting within 500 metres of an occupied building near Hillmond, Saskatchewan.

A grey or black Dodge pickup truck was observed on Range Road 3260 facing south. Witnesses reported hearing gunshots and observed two male individuals wearing hip waders retrieving waterfowl from a nearby body of water. The individuals placed the waterfowl in the truck box, entered the vehicle and drove away.

One individual was described as wearing a dark-coloured ball cap, a black shirt with a white emblem on the front and hip waders. The second individual was described as wearing a light-coloured ball cap, a light-coloured hoodie and dark-coloured hip waders.

Conservation officers are asking for the public's assistance in identifying the vehicle and individuals involved.
